

Laxative for Women Free

There is a great difference in the purposes which a laxative should be put. Tablets and pills, salts, etc., are usually violent purgatives or cathartics, and altogether too powerful for the average person.

A woman at all times needs only a mild laxative—in fact, none other than the one which is simply to move the bowels, and if a gentle laxative will do it, what is the use of a violent one?

Dr. Caldwell's Syrup Pepsin has earned a well-deserved vogue among women and children, and old folks—who must necessarily be careful of what they take.

It is a liquid laxative tonic and admirably the greatest stomach, liver and bowel remedy before the American people. The price is only 50 cents or \$1 a bottle, as it comes in both sizes, and all druggists sell it. Its pleasant taste and gentle action make it an ideal remedy for women in constipation, torpid liver, sour stomach, sick headache, heartburn and such like digestive complaints. Its use for a short time will remove the trouble entirely so that future medication will be unnecessary. Its tonic properties build up the stomach and intestinal muscles so that they act naturally again. That this laxative is the experience of many heads of families, like Mrs. K. L. Stout, of Louisville, Ky., and numerous others; in fact, way out in Williams, Cal., as Mrs. J. E. Blackmore, of that place, writes, "the whole town seems to be using it."

Of the remedy is new to you and you want to make a trial of it before buying, send your name to the doctor's address below and a free test bottle will be sent you. Then, if results are satisfactory, you can buy it of your druggist.

If there is anything about your ailment that you don't want any medical advice, write to the doctor, and he will answer you fully. There is no charge for this service. The address is Dr. W. B. Caldwell, 500 Caldwell Bldg., Monticello, Ill.

Points Regarding the Census.

The census begins April 15 and
must be completed in 30 days.
The enumerators will wear a
badge inscribed "United States
Census, 1910."

The law requires every adult
person to furnish the prescribed
information, but also provides
that it shall be treated confiden-
tially, so that no injury can come
to any person from answering
the questions.

The census bureau, prior to
April 15, will distribute to every
farm owner and tenant in this
state a blank or schedule con-
taining the census questions
relative to farm operations and
equipment. This should be filled
up, if possible, not later than the
morning of April 15, but if any-
one has been unable to fill it up
by that time, he should do it as
soon afterwards as he can.

People who do not speak Eng-
lish or who do not understand
the schedule completely should
get help from others, if possible,
in filling it up.

The president has issued a
proclamation, calling on all citi-
zens to co-operate with the cen-
sus and assuring them that it has
nothing to do with taxation,
army or jury service, compul-
sory school attendance, regula-
tion of immigration or enforce-
ment of any law, and that no one
can be injured by answering the
inquiries.

It is of the utmost importance
that the farm census of this state
be complete and correct.

Therefore every farm owner
and tenant should promptly,
fully and accurately fill up the
"Advance Farm Schedule" and
carefully preserve it for the
enumerator when he calls.

Prizes for Missouri Corn Growers

The Missouri state corn show
will be held this year as usual
during farmers' week at the
agricultural college in Columbia.
An unusually good list of pre-
miums has been secured this year
the total list to date representing
a value of more than \$1,400.

Among these premiums are a
number of very valuable farm
implements that are worthy of
the best efforts of every corn-
grower in Missouri.

Some changes have been made
in the plans for this year and a
number of new features have
been added. Among other things
it is planned to divide the state
in five sections with a complete
premium list for each. One
section is located in the central
part of the state and the others
in the four corners. Except in
classes open to the entire state
no one will be eligible to compete
for prizes outside of his own section.
It is thought that this wider
classification will increase the
interest of corn-growers in the
show.

The following is a partial list

A Storekeeper Says:

"A lady came into my store lately and said:
"I have been using a New Perfection Oil Cook-Stove all winter
in my apartment. I want one now for my summer home. I think
these oil stoves are wonderful. If only women knew what a
comfort they are, they would all have
one. I spoke about my stove to a lot
of my friends, and they were aston-
ished. They thought that there was
smell and smoke from an oil stove, and
that it heated a room just like any other
stove. I told them of my experience,
and one after another they got one, and
now, not one of them would give hers
up for five times its cost."

The lady who said this had thought
an oil stove was all right for quickly
heating milk for a baby, or boiling a
kettle of water, or to make coffee
quickly in the morning, but she never
dreamed of using it for difficult or
heavy cooking. Now—she knows.

Do you really appreciate what a New
Perfection Oil Cook-Stove means to you?
No more coal to carry, no more coming to
the dinner table so tired out that you can't
eat. Just light a Perfection Stove and immediately
the heat from an intense blue flame shoots
up to the bottom of pot, kettle or oven. But
the room isn't heated. There is no smoke, no
smell, no outside heat, no drudgery in the
kitchen where one of these stoves is used.

New Perfection Oil Cook-stove

It has a Cabinet Top with a shelf for keeping plates and food hot. The
nickel finish, with the bright blue of the chimneys, makes the stove ornamental
and attractive. Made with 1, 2 and 3 burners; the 2 and 3-burner stoves
can be had with or without Cabinet.
